

The Centre for Innovation in Peer Support is increasing the opportunities for connection with our Peer Position Network (PPN) Community of Practice

Virtual Lunch Breaks!

Tuesdays from 12 noon until 1 pm

<https://zoom.us/j/854925669>

The PPN community of practice is open to peer staff in Ontario. We recognize that the COVID-19 Pandemic has brought with it the need to adapt to a changing landscape within our workplaces. This is an ongoing opportunity to stay connected and supported by each other in a time of uncertainty.

Your participation includes:

- Knowledge exchange around the impacts of COVID-19 as it relates to peer work
- A deeper understanding of the needs and experiences of peer staff
- The sharing of strategies and resources relative to peer work
- Continued Centre support and connection during this challenging time
- A welcome package orienting you to our community of practice and our collective understanding of peer support work

Your attendance is self-determined, attend as your need and schedule allows. The Centre values hearing from you in order to be more responsive to your needs during this time. We look forward to connecting with you and navigating this period of time together!
