

Understanding Cannabis Use Study

Are you age 16-24 and use cannabis products?

We would like to hear from you!

- We are conducting a study to learn more about the post-cannabis-legalization experiences of individuals who use cannabis in Ontario.
- The study involves an initial 20-30 minute online survey if you are eligible. One follow-up online survey will occur about one year later.
- Your feedback will be confidential
- Compensation will be provided for your time and participation in the study, subject to eligibility.

To learn more about the study or to participate, please click the following link:
