

Challenging Structural Substance Use Stigma Workshop Package

Now available!

This workshop package, developed in partnership with CAPSA, is designed to provide a comprehensive learning opportunity for health and social service providers who work in the substance use health field.

Scan this code or click the image to download the package!

The workshop can be delivered online or in person, in one 6-hour session or two 3-hour sessions and was designed for groups of 10 to 25 participants. The package has all the materials and supporting documents needed to deliver the workshop in your organization or community!
