

A **FREE** Mindfulness Program for Frontline Staff, Caregivers & Healthcare Workers

CENTRE FOR
Mindfulness
Studies

CARE is a FREE 6-week evidence-based mental health and mindfulness program designed for frontline staff, caregivers & healthcare workers to develop and sustain emotional well-being. This program is generously funded by the Echo Foundation.

In this program participants will:

- Learn coping skills and emotional regulation
- Develop strategies to deal with difficult situations
- Increase connection with others and reduce feelings of isolation
