

REGISTRATION COMING SOON

6TH ANNUAL LONDON & REGION FASD VIRTUAL CONFERENCE 2026

BRIDGING RESEARCH, CLINICAL, AND LIVING EXPERIENCE

Supporting Relationships in FASD: Building Bridges Across the Lifespan

SAVE THE DATE

OCTOBER 20 & 21, 2026 | VIRTUAL MEETING

This virtual FASD-focused educational event brings together researchers, clinicians, academics, medical and allied health professionals, educators, students, families, and adults and children/youth living with FASD in Ontario and beyond!

The conference proudly offers participants:

- Current multi-disciplinary findings from pre-clinical, translational, and clinical research
- Strategies for evidence-based treatment
- Customizable selections of breakout educational workshops
- Opportunities to network with people passionate about understanding and advocating for individuals living with neurodiverse diagnoses, including FASD

Invited plenary & workshop speakers to be announced soon!

Plenary & workshop sessions will be viewable online to participants for 90-days!

All proceeds from the conference go to VOCPRI, a not-for-profit organization
